

Lend your library a Helping Hand!

In partnership with our friends at Maggie & Ellie's Pottery & Art Studio, we are offering the opportunity for children to make ceramic hand print tiles which will be used to decorate the children's rooms in the new library branches!

Don't miss the chance to make a memory for your child, grandchild, niece or nephew and for generations to come.

The child's name will be professionally lettered on the tiles before they are glazed and fired.

After making your Helping Hands donation, you will receive a certificate with instructions to take to the Maggie & Ellie's Pottery & Art Studio located at 15155 Pearl RD, Strongsville, OH, during their open hours to make your handprint tiles. We will also offer some scheduled sessions at EPLS Branches.

Please direct any questions to EPLS Director Lyn Crouse at the Central Library.
